# SUN SHIPBUILDING & DRY DOCK COMPANY

## Telephone Service Instructions

In order for Sun Shipbuilding & Dry Dock Company and Sun Oil Company to obtain maximum use and economies from your local telephone systems, please read and follow the instructions listed below.

Internal Sun Ship calls - To dial any Sun Ship extension listed in this directory, listen for the dial tone and dial the extension number. Telephone numbers beginning with 2 or 3 may be used only for in-plant calls (shipyard, Wetherill, and Annex).

SUNCOM calls - SUNCOM is the Sun Oil Company telephone network which allows direct dialing of extensions between Delaware Valley Sun Locations. It also provides a means to dial, toll free, various exchanges local to Sun locations.

To call another Sun location over SUNCOM, from a telephone number starting with a 4, 5, 6, or 7, dial the access code listed below for the desired location; wait for second tone; then dial the desired extension.

### Access Codes

Marcus Hook	1*88
Newtown Square	1*85
Philadelphia	1
SunOlin Chemical Co.	1*88*68
Wayne	1*87
Willow Grove	1*84
SPL, King of Prussia	1*83

\* Dial tone

In addition to other Sun offices, calls may be placed from the unrestricted telephones to certain Bell Telephone areas over the SUNCOM network. ONLY the areas and exchanges specifically listed here may be dialed in this manner. To place any other outside calls, see "local calls" below:

To call ANY PHILADELPHIA Number --- Dial Access Code "1"; wait for dial tone; dial "9"; wait for dial tone; then dial desired number.

To call these Areas ONLY --- Dial access code "1\*87"; wait for dial tone; dial "9"; wait for dial tone; then dial desired number.

Ardmore (MI 2, 9)  
Bryn Mawr (LA 5, 527)  
Conshohocken (825, 828)  
King of Prussia (265, 768, 962)  
Malvern (NI 4, 647)  
Newtown Square (EL 6, 353)  
Norristown (272, 275, 277, 279, 539)  
Paoli (NI 4, 647)  
Valley Forge (666, 783)  
Wayne (MU 8, 687)

Local calls - To place a call to an area not listed above, but in Delaware County, from a RESTRICTED telephone beginning with 4, 5, 6, or 7, dial "0" and ask the Operator for an outside line. Once you have this line, wait for the dial tone and then dial the desired number.

To place a call outside of Delaware County, but within the 215 area from a RESTRICTED telephone beginning with 4, 5, 6, or 7, give the desired number to the Sun Ship operator and she will place the call for you.

If you have a completely UNRESTRICTED telephone and desire to call Delaware County, dial "9"; wait for second dial tone; then dial the number.

To call outside of Delaware County, but within the 215 area from a completely UNRESTRICTED telephone, dial "8"; wait for second dial tone, then dial the desired number.

Long Distance calls - All business long distance calls are placed through the Sun Oil Company General Office switchboard in Philadelphia. To place such calls, dial "1", then "0" (on weekends, holidays, and 6 p.m. to 8 a.m. weekdays dial "3223"), and give the Operator your name, location, extension number, billing number and as much information as you have on the call (i.e., to whom, number if available, etc.). Please remain near your telephone after placing a long distance call; it will be placed within fifteen minutes unless the Operator advises you otherwise. Should you have to leave your desk after placing a call, advise the Operator when and/or where you can be reached.

Conference calls - Conference call facilities are available over the SUNCOM network and over the regular public telephone network. To place a conference call, dial "0" and give the Operator all of the necessary information, including names and telephone numbers of those to be included in the conference.

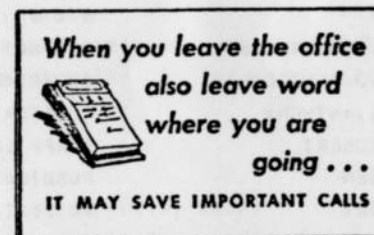

Transferring calls - Incoming calls (excluding SUNCOM calls) may be transferred from one extension to another. To do this, depress the receiver switchhook ONE TIME - SLOWLY. When the Operator comes on the line, give her the extension number to which the call is to be transferred and hang up immediately. The Operator will complete the transfer.

Personal calls - Personal telephone calls placed through the Company telephone system should be kept to a minimum. For full details on procedure, etc., check with your supervisor.

Emergency numbers -

ACCIDENTS - Ambulance - Extension 200  
First Aid - Extension 240 or 458  
Safety Department - Extension 268 or 473  
FIRE - Extension 200  
FIRE - Gas, Electrical or Oxygen - Extension 211  
Other - GUARD - Extension 283 or 383  
TRANSPORTATION - Extension 676 or 677

Telephone Repair Service - Dial "0"
